

Subject: June Appeal

From: Chester County Art Association <assistant@chestercountyarts.org>

Date: Wed, Jul 01, 2020 5:05 pm

To: Christeyn Fremont <cfremont@chestercountyarts.org>

Over the past several months, like other non-profits in our community and throughout the world, Chester County Art Association (CCAA) has experienced an exceedingly negative impact from the COVID-19 pandemic.

In attempts to keep staff and all of our beloved constituents healthy and safe, our doors have been closed since mid-March and all on-site programming has been suspended for the foreseeable future. As a result of experiencing a shutdown of this length, CCAA is in a state of dire need for funding in order to keep the organization afloat.

CCAA has risen to the challenge of adapting to a new way of operating by offering at home activities for families as well as virtual alternatives to our regular on-site summer programming. As an organization we believe that it is times such as this that our communities need the healing power of the arts. We ask you today to consider making a donation of personal significance to our organization. Your gift will enable CCAA to continue to provide support for Chester County and beyond with its arts programming during this challenging time and for decades to come.

To make a gift, [please click here](#).

To find art projects created by CCAA to do on your own, [please click here](#).

CCAA Staff and Board of Directors thank you for considering this request. We wish you and your loved ones a safe and healthy Summer!

Wendy Kerchner
Executive Director
